## Actions and Events

### Taiwan's Actions

- **Unite with Allies to Mitigate Global Economic Fallout:** Taiwan has taken a proactive approach to address the global economic crisis by strengthening its alliances with Lesotho, Reunion, and Honduras.
- **Strengthen Economic Resilience by Diversifying Trade Partnerships with Non-Traditional Allies:** Taiwan has diversified its trade partnerships to reduce its dependence on traditional allies, thereby strengthening its economic resilience.

### Norfolk Island's Action

- **Embrace Economic Diversification Initiative to Reinforce Resilience:** Norfolk Island has initiated an economic diversification program to reduce its reliance on a single industry, thereby enhancing its economic resilience.

## Events

- **Global Economic Plummet:** A global economic downturn has affected countries worldwide, leading to a decline in economic activity and increased uncertainty.
- **Taiwan's Decisive Action to Mitigate the Global Economic Fallout:** Taiwan's proactive approach to addressing the global economic crisis has sparked a wave of optimism among its citizens, who see the country's efforts to diversify trade partnerships and strengthen economic resilience as a step in the right direction.

## Impact on Coca-Cola

Coca-Cola, as a beverage company, is vulnerable to changes in the global economy. The company's business strategy is unclear, which may hinder its ability to adapt to the changing landscape.

## Recommendations

To improve its strategy and mitigate risks, Coca-Cola could:

1. **Diversify its revenue streams:** By diversifying its revenue streams, Coca-Cola can reduce its dependence on a single market or product, thereby increasing its resilience to economic shocks.
2. **Develop a clear business strategy:** Coca-Cola should develop a clear business strategy that takes into account the changing global landscape and its impact on the beverage industry.
3. **Strengthen its supply chain:** Coca-Cola should strengthen
